# Do you know how to cross the road safely?

Pedestrian crossing

At a pedestrian crossing, first, press the button.

If the red man shows, do not cross. Stop and stand back from the kerb and wait until the green man appears.

If the green man shows, cross the road. Look and listen for traffic first before stepping off the pavement.

If the flashing green man shows, do not cross. Stop and stand back from the kerb and wait until the green man appears.

Zebra crossing

At a zebra crossing first, stop and stand back from the kerb, then look and listen for traffic.

If the traffic has stopped in both directions, it is safe to cross the road.

When looking always look
